# Grow with Places 360.

**One app for every walk-in business,** from cafés and bakeries to salons: loyalty, ordering, marketing, their own app and website, and Dalve, our AI agent, in the middle. We work with partners in three ways, from a simple introduction to opening a new market together.

## 1 Referral programme.

Open to anyone who knows business owners. Commission only: no targets, no retainer.

- **£25** once the business you bring is in use, on any plan.
- **25% for 24 months, or 40% for 12,** of everything it pays us. You choose once.
- **Ten more points from your 11th business:** 35% or 50%.
- Paid monthly from £25, with your own portal to follow every business.

THE BUSINESS GETS

Three months of Regulars free, or half price for three months on Growth or Branded app.

Join at **places360.io/referrals** · for referrers trading in the UK; elsewhere, ask us

## 2 Advanced partnerships.

For partners who bring more than introductions. Terms are agreed one partner at a time.

A · REGIONAL PARTNERS

### Take Places 360 to a new region.

For partners with reach in a market we're not in yet.

YOU BRING

- Local sales and the first clients
- Onboarding and first-line support
- Local know-how: payments, rules, language

WE BRING

- The platform, branded apps and Dalve
- Training, and the product adapted to the market

**Terms:** a revenue share on the region, success first.

B · COMPLEMENTARY PARTNERS

### Work alongside us, not against us.

Marketing agencies, till and payment providers, and resellers whose clients are walk-in businesses.

TOGETHER WE CAN

- Offer Places 360 to your clients, referred or bundled
- Share clients: you run your service, we run their loyalty, orders and app
- Connect our products where it helps (Square and Epson printers today)
- List you on our partners page

**Terms:** a revenue share, two-way referrals or a bundle price.

Get in touch at **places360.io/contact** · tell us who you work with, and we'll suggest the model that fits
